July 31, 2001

The Honorable Mayor Lynn McIlhaney,

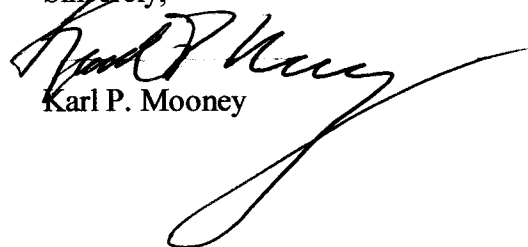

Philosophers and the prophet Isaiah tell us that our lives are made of seasons. Not one of each, thank goodness, but periods or times when change and different directions and decisions are placed before us.

One of those seasons for me was when I was initially appointed to the Planning and Zoning Commission. Since that time I have enjoyed and sometimes been challenged to understand the planning and development issues of our community. I hope that my efforts will be viewed as having been contributory to fair decisions that will help shape College Station's future. Many of those actions could not have happened without mentoring and support. Therefore, I would be remiss if I did not mention my thanks for the support of the many members of the city council and particularly the staff who taught and assisted me in those same efforts.

But a season of change is about to take place in my life. I was recruited for and have decided to accept a position at the University of Central Florida in Orlando. During the month of August, I will be traveling back and forth in an effort to locate housing and to serve as a consultant to UCF. Therefore, in an effort to be of appropriate assistance to my family as we take steps to relocate, I am hereby resigning my position on the Planning and Zoning Commission effective at the end of our regular commission meeting on Thursday, August 2, 2001.

I wish you, the City Council and my colleagues and friends who serve the city the blessings of His protection and guidance.

Sincerely,

Karl P. Mooney
